History of the company

SEE HOW WE'RE DEVELOPING

Tomek dreaming about his own business sets up a self-employed business in the **garage** next to his family house.

The truck with TomiQ logo goes through the countries with our **first delivery**.

Tomek employs new workers. The current office seems to be too small. They move to the new one in the **center of Pabianice**.

The company develops very rapidly and gains the **trust** of still growing number of clients. TomiQ team gets ten **new workers**.

We move to the current office. The company employs **17 people** who coordinate the work of **42 drives** throughout the UE.
